

**Voice Your Opinion on the Proposed Baseline Practices for Performing 13645 WDO Inspections!
Your Input Will Affect the Outcome!**

The Florida Pest Management Association Government Affairs Committee requested a poll of industry opinion on the proposed **Baseline Practices for Performing 13645 WDO Inspections** before making its recommendation to the

board to accept or decline the draft document. The **Baseline Practices** were presented at the recent Expo by the WDO Subcommittee after two years of development.

The **Baseline Practices** are not enforceable and will not be enforced as a rule by the Bureau of Entomology and Pest Control, as they are not considered to be “rules” by the Bureau. The Bureau may use them as reference when revising the “Guidelines for Completing the WDO Form 13645”, which will be completed when the revisions of Form 13645 are completed. FPMA members and the industry will have the opportunity for input into the revised “Guidelines” as their development process moves forward.

Please read the Position Statement of the WDO Committee and the Proposed Baseline Practices at www.flpma.org/wdo_baselinepractices.htm and give us your opinion by March 30th, 2008.

Yes — I have reviewed the proposed WDO Baseline Practices and support adopting the language as proposed.

No — I have reviewed the proposed WDO Baseline Practices and oppose adopting the language as proposed.

Yes, But — I support WDO Baseline Practices, however, not the language as proposed. I would like to see the following language changes — see comments.
